

## A POWERFUL COMBINATION

OMEGA+++ is LAMININE'S perfect counterpart. When both are taken together, their effects are even more powerful. In our clinical study, it shows that when OMEGA+++ and LAMININE are taken together, the combination of these supplements can help regulate cholesterol, LDL (known as the bad cholesterol), triglyceride and blood pressure levels.

**↓ 11.5%**  
Cholesterol  
levels

**↓ 20.9%**  
LDL  
levels

**↓ 16.7%**  
Triglyceride  
levels

Clinical study based on participants taking LAMININE and OMEGA+++ daily for 8 weeks.

OMEGA+++ was featured in the world-renowned publication 'Innovations in Medicine'\* and our clinical study can be found in the Physician's Desk Reference.

## THE EQUATION IS SIMPLE

The most valuable asset we each own is our health. All the success in the world won't hold much value without it. To that same token, when our health is at our best, we can become successful in all aspects of our lives - personal, professional, and financial.

Good health starts with a healthy diet, adequate physical activity, balanced stress levels, and proper sleep regimen. But is it enough? How do you begin to build the foundation for good overall health?

## IT CIRCLES BACK TO CIRCULATION

Good circulation is the foundation of your overall health. Without a healthy circulatory system, our body is unable to fight disease effectively or maintain a stable internal environment, known as homeostasis.

OMEGA+++ is a multi-action formula designed to help maintain and improve circulatory health, by helping blood flow optimally to your brain, heart, and organs.

## FIND SYNERGY

There are numerous types of fish oil products on the market. Why does OMEGA+++ stand out among this sea of supplements? It's the unique proprietary blend of high-quality ingredients. The combination these heart-healthy ingredients help maintain good cholesterol and fat levels plus optimize blood circulation, which helps improve overall circulatory health.

### Egg Bioactive Growth Factors

Stimulates cell rejuvenation for healthy aging.

### Omega Fatty Acids:

**3 (EPA and DHA), 6 and 9**

I've been taking OMEGA+++ for a month and decided to check on the status of my cardiovascular and circulatory system. All tests came back with positive results—the 'age' of my vascular system came back as 48, when in fact I'm 64!
