CALENDAR

This new calendar will make viewing and adding events so easy! Use it to organize your schedule, view events hosted by other IBOs in your region and schedule your own.

SETTINGS

Everything that was under your “Settings” is now under “My Account.” Now you can update your language, changing your billing information and more all in one place.

ALTERNATE PAYMENT

Speaking of billing information, you can now have two credit cards saved for your payment method, a primary and an alternate.

NEW FEATURES TO THE VIRTUAL OFFICE:

LIVE CHAT

We know that sometimes calling on the phone to ask a quick question can be challenging, so we’ve added an international chat feature that allows you to instant message our Customer Service representatives directly from your Virtual Office! You can chat with us during regular LifePharm business hours (8:00 am - 5:00 pm Pacific Standard Time) in German, Polish, Spanish, Russian and Slovak. Of course, our regular Customer Service phone numbers and email addresses are always available.

LANGUAGES

We’ve added a new language! The LifePharm Virtual Office and Replicated Website are now available in Slovak! Plus, all IBOs can run their business in any available language. That means regardless of where you’re located, you can change your Virtual Office language to English, Spanish, German, Polish, Russian, Slovak, Indonesian or Korean.

You may also notice a few things missing, primarily the email feature and templates that came with the Contact Manager. We will make all of the email templates (in every language we service) available in the Resource Library in the very near future and are working on an even better Contact Manager to address your business needs.

If you used the Pro Virtual Office, you may have been familiar with the Landing Pages. We’ve removed this feature to focus on more commonly used and business-crucial tools.

As a LifePharm Independent Business Owner, you need the best possible Virtual Office to conduct your business successfully. So, we’ve eliminated the restrictions associated with a Basic or Pro Virtual Office. Every IBO receives the full functionality with absolutely no additional monthly fee!
